TAILORED SOLUTION

We will design a recruitment delivery system tailored to your needs.

All franchisees follow this system to deliver a seamless QA process across your organisation. Industry best-practice assessment tools enhance objectivity and EEO principles. These include online application & screening, psychometric assessment, benchmarking and profiling.

CareersMultiList also has a number of unique strategies to help you build the value of your employment brand in the marketplace.

'NO HASSLE'

ACCOUNT MANAGEMENT

We use a centralised account management model to make the recruitment process simple and effective for you.

Instead of having to deal with many different suppliers, you liaise with a single account manager for job ordering, quality control, objective performance management of multiple suppliers (KPIs), reporting, invoicing and payment.

LOWER COSTS AND BETTER RESULTS

We are committed to working with you to improve recruitment outcomes and reduce costs, based on a mutual benefits model.

We would like to share with you our insight on how we have significantly reduced costs for our current blue-chip clients.
